Mainline Tools & Accessories

All tools & accessories listed below are compatible with Electric Eel Models C, D-5, R, RF, 325, 800 and work with 8’ and 10’ dual cables (all types) and 5/8” and 3/4” continuous cables.

### INITIAL OPENING TOOLS
- **A-1DC**: 1 7/8” Diameter for 3” or larger pipeline ........................................... $25.60
- **A-2DC**: 2 3/8” Diameter for 4” or larger pipeline ........................................... $27.40
- **A-2-3DC**: 3” Diameter for 4” or larger pipeline ........................................... $33.80
- **A-2-3DCS**: 3” Ice chopping tool for 4” or larger pipelines ........................ $43.50
- **HDD-2T**: 2 3/8” Spear point on 12” flexible spring for 4” or larger pipeline ...... $39.20

### HEAVY-DUTY ROOT SAW TOOLS
- **HDD-3S**: For 3” pipeline ........................................................................... $36.60
- **HDD-4S**: For 4” pipeline ........................................................................... $38.00
- **HDD-5S**: For 6” pipeline ........................................................................... $46.70
- **HDD-7S**: For 8” pipeline ........................................................................... $57.40

### GREASE TOOLS
- **U-3**: For 3” pipeline (also available in Heavy duty) ..................................... $32.50
- **U-3H**: Heavier duty for 3” pipelines ......................................................... $36.00
- **U-4**: For 4” pipeline (also available in Heavy duty) ..................................... $34.10
- **U-4H**: Heavier duty for 4” pipelines ......................................................... $36.70
- **U-6**: For 6” pipeline (also available in Heavy duty) ..................................... $35.50
- **UC3**: For 3” pipeline .............................................................................. $32.50

### FLEXIBLE SPRING TOOLS
- **HDD-U3**: 12” Spring with U3 blade for 3” pipeline ................................. $52.30
- **HDD-U4**: 12” Spring with U4 or HD blade for 4” pipeline ....................... $52.70

### EXPANSION TOOLS
- **EX-4A**: For 3” – 4” lines ........................................................................... $271.40
- **EX-6A**: For 4” – 6” lines ........................................................................... $278.80
- **EX-8A**: For 6” – 8” lines ........................................................................... $293.60

### SLUDGE BUSTER TOOLS
- **HDD-3S-P**: 2 3/8” Heavy duty sludge pusher for 3” pipelines ............. $46.90
- **HDD-4S-P**: 3” Heavy duty sludge pusher for 4” pipelines .................... $48.30
- **HDD-4S-31/2-P**: 3 1/2” Heavy duty sludge pusher for 4” lines .......... $49.50
- **HDD-5S-P**: 5” Heavy duty sludge pusher for 6” lines ............................ $57.10

### FINISHING TOOLS
- **A-14DC**: 3 1/2” Diameter tool for 4” or larger pipelines ...................... $33.00
- **A-6AD**: 4 3/4” Diameter for 6” or larger pipelines ................................. $35.80
- **A-13DC**: For 4” conductor lines .............................................................. $29.20
- **A-13-2DC**: For 3” conductor lines ......................................................... $28.60
- **HDD-8**: “S” Shaped for 8” lines ............................................................... $66.30
- **HDD-8**: “S” Shaped for 8” lines ............................................................... $70.30
- **HDD-10**: “S” Shaped for 10” lines ......................................................... $75.20
- **HDD-12**: “S” Shaped for 12” lines ......................................................... $85.80
- **ST2**: Bulb shaped tool for 4” plastic pipeline .......................................... $31.00

### RETREIVING TOOLS
- **HDD-7**: 3” Tool for retrieving objects from pipeline ............................ $29.50
- **HDD-2A**: Longer, thinner right hand wound retriever ......................... $22.70
- **ST-1**: Right hand wound retrieving tool ................................................. $29.80

### ACCESSORIES
- **SA-4**: Sand auger tool - Affix a spade-type tool for use on culverts under roadways ................................................................. $133.50
- **SC-13**: Feeding tool for use on “P” traps .................................................. $28.50
- **SC-16**: Torque wrench adapter ................................................................. $19.20
- **SC-17**: Swivel cable puller for threading cable through pipeline ........ $155.00
- **SC-18**: Spanner wrench for disconnecting cables/tools ....................... $7.40
- **SC-19**: Drop head adapter – provides swivel joint between cleaning tool and cable ........................................................................... $33.10
- **SC-17**: Connector cable for connecting tools in tandem (tools not included) $39.50

Note: Always refer to operator’s manual and safety instructions before operating any drain and sewer cleaning equipment.
DH SERIES TOOLS
For use with 5/16" IC and 3/8" IC cables
- DH-7 Drop head adapter ......................................................... 6.70
- DH-10 General purpose tool .................................................. 11.90
- DH-11 Drill point tool ............................................................ 14.10
- DH-12 Finishing/Grease tool .................................................. 15.20
- DH-10-S Short general purpose tool ...................................... 11.80

DN SERIES TOOLS
For use with 1/2" I.C. cables and 5DN sectional cable
- DN-9 Drop head adapter ......................................................... 11.90
- DN-10 General purpose tool .................................................. 11.90
- DN-11 Drill point tool ............................................................ 14.30
- DN-12 Finishing/Grease tool .................................................. 15.60
- DN-13 Retriever tool ............................................................ 12.90
- DN-14 Drill for 2"-3" lines ....................................................... 10.10
- DN-15 Clean up tool for 2" lines ........................................... 13.00
- DN-16 Clean up tool for 3" lines ........................................... 15.30

SPECIAL ADAPTERS
For use with other brands of drain cleaning equipment
- SP-38 Adapts Electric Eel SP-30 tool adapter to Spartan* 5/8” or 3/4” Cable ................................................................. 28.70
- SP-39 Adapts Spartan* lead cable to Electric Eel SP-31 male fitting ............... 28.70
- SP-42 Adapts Electric Eel dual tools to General Wire Spring* 3/4” cable ................................................................. 34.20
- SP-43 Adapts Electric Eel dual tools to Spartan* 5/8” and 3/4” cable ............. 34.20
- SP-44 Adapts Electric Eel dual tools to Ridgid* 1 1/4” sectional cable ....... 48.40
- SP-48 Adapts General Wire Spring* tools to SP-31 male fitting ............... 34.20
- SP-49 Adapts Spartan* tools to SP-31 male fitting ........................ 34.70

CABLE FITTINGS
The following General Wire Spring* fittings can be adapted to Electric Eel Cables:
- G121 1/2” Male fitting .......................................................... 6.95
- G122 1/2” Female fitting ....................................................... 6.95
- G581 5/8” Male fitting ......................................................... 13.70
- G582 5/8” Female fitting ....................................................... 13.70
- G341 3/4” Male fitting ......................................................... 13.80
- G342 3/4” Female fitting ....................................................... 13.80

CABLES FOR EVERY NEED
- 5 ft. Dualmatic Cables (Model N Only)
- Self-feed Dual Cables for 3”-10” lines available in regular, heavy-duty and municipal

All prices F.O.B. Springfield, Ohio. Prices subject to change without notice. Effective November 1, 2012 Minimum order $20

Note: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment.

Tri-Max drain cleaning cable protects against kinking and corrosion three ways for extended cable life

The toughest drain and sewer equipment cable on the market is **Tri-Max** three-element cable. This stress-relieved 3/4” or 5/8” cable protects against kinking and corrosion with a unique three-layer design.

**Tri-Max** cable contains (1) an inner core made from right-hand wound galvanized aircraft wire, (2) a protective plastic sheath to guard against rust and corrosion, and (3) a tough, long-lasting outer layer of left-hand wound, stress-relieved music-type wire offering superb quality and tensile strength.

Top quality **Tri-Max** cable is available with either straight slot or keyhole end fittings to fit most drain cleaning machines. Contact Electric Eel for complete price information.

**The Toughest Cable You Can Buy!**

MODEL J (OPTIONAL ACCESSORY KIT)

Model J Cable is designed to clean 2-1/2” through 4” diameter straight pipelines and work through 3” and 4” “P” traps and pipelines.

J-K Complete Kit to Adapt to Model C Drive Unit (68 lbs.) ........................................................ 680.00

Consists of the following:

- (12) 6J: Model J cables (72 ft.) @ $38.00 per 6 ft. cable ....................................................... 456.00
- (1) SJ-7: Adapter — to attach J cable to SC-10A fitting ......................................................... 25.20
- (1) SJ-8: Spanner wrench — to disconnect cables & tools .................................................... 6.20
- J-TS: Set of 5 cleaning tools — includes the following ......................................................... 121.00
- (1) A-1TJC: Starting tool — 1/2” spade on 8” long spring (SJ-24 Replacement Blade only $6.40) 24.40
- (1) A-1JC: Starting tool — 1 7/8” spade tool ...................................................................... 22.20
- (1) A-13-2JC: 2 1/4” finishing tool for 3” diameter pipelines ........................................ 24.50
- (1) U-JS: 2 1/2” tool for removing grease in 3” diameter pipelines ............................... 28.60
- (1) HDJ-7: 1 1/4” retriever tool .............................................................................................. 21.30
- (2) N-10: Cable containers @ $35.60 each .......................................................................... 71.20

REPLACEMENT CABLES AND OPTIONAL TOOLS AND ACCESSORIES

- 6J: Model J cable — 7/8” diameter x 6 ft. long—wt. 4 lbs .................................................... 38.00
- 6JHD: 6 Foot heavy duty Model J cable — Has 1/2” diameter inner cable ......................... 42.20
- STJ-2: 2” Bulb shaped tool for 3” plastic pipes .................................................................. 22.20
- SJ-16: Adapter — provides swivel joint for Model J cleaning tools .................................. 25.10
- A-IJC: 1 7/8” Ice chopping tool (A-1JS Replacement Blade only $22.70) ......................... 33.90
- UC-3J: 2 1/2” C shaped tool for 3” lines ............................................................................ 28.90
- HDJ-3S: 2 3/8” Heavy duty clean-up tool for 3” lines ......................................................... 31.60

Model S Drain Cleaning Machine

SK-3/8E25...Complete Kit (30 LBS.).........................................................$525.00
Consists of the following:
S-DU........... Model S Machine Only.........................................................399.00
3/8E25........... 25' expanded end cable
S-10............. Carry case
S-11A........... Guide tube and holder
SK-3/8E35........ Above kit with optional 3/8E35' cable (32 lbs.)..............543.00
SK-3/8EIC25...... Above kit with optional 3/8EIC25' expanded end aircraft inner-core (32 lbs.)... 546.00
SK-3/8EIC35...... Above kit with optional 3/8EIC35' expanded end aircraft inner-core (34 lbs).... 567.00
SK-3/8IC25 ...... Above kit with optional 3/8IC25' aircraft inner-core cable
DH-TS Cleaning tool set (32 lbs)...............................................................592.00
THW18 1/8" T-wrench
EK-TB Tool Bag
SK-3/8IC35 ...... Above kit with optional 3/8IC35' aircraft inner-core cable
DH-TS Cleaning tool set (35 lbs)...............................................................615.00
THW18 1/8" T-wrench
EK-TB Tool Bag

Gasoline Powered Model 325

325-DU ........ Model 325. Complete with 6 1/2 H.P., I.C. 4 cycle Briggs & Stratton engine, 3 speed forward and reverse transmission, heavy-duty Safety clutch
(4) 4.10 – 3.50 x 6 pneumatic tires on front and rear wheels (225 lbs) ................. 4,830.00
(25) 8DCHD.....8ft. heavy duty dual cables – 200 ft. (56.50 ea.) ......................... 1,412.50
(1) SC-18...... Spanner wrench ........................................................................ 7.40
(1) SC-13...... Feeding tool ................................................................................ 70.30

325-TS ........ Set of (7) cleaning tools — includes the following: ........................................ 272.00
A-2DC .......... 2 3/8” starting tool for completely blocked lines (A-2 Replacement Blade only $13.25) ......................................... 27.40
A-2-3DC ....... 3” tool for removing hard deposits in 4” and larger lines (A-2-3 Replacement Blade only $18.85) .......... 33.80
HDD-2T ....... 2 3/8” starting tool for 4” lines with “P” trap (A-2 Replacement Blade only $13.25) .......................... 39.20
HDD-4S ....... 3” heavy-duty tool for 4” diameter lines (HDD4S-1 Replacement Blade only $23.60) ............... 38.00
HDD-5S ....... 5” heavy duty cleanup tool for 6” lines (HDD5S-1 Replacement Blade only $32.90) ............ 46.70
HDD-7S ....... 7” heavy-duty tool for 8” diameter lines (HDD7S-1 Replacement Blade only $42.40) ........ 57.40
HDD-7 ......... 3” tool for retrieving objects from pipeline .................................................. 29.50

CABLE

8DC .............. 8 ft. dual cable. For 3” through 10” diameter lines .............................................. 49.30
8DCHD ......... 8 ft. heavy duty cable. For 4” diameter lines .................................................. 56.50

OPTIONAL CLEANING TOOLS AND ACCESSORIES

A-2-3DCS ....... 3” Ice chopping tool for 4” diameter lines (A-2-3S Replacement Blade only $29.45) ............... 43.50
HDD-4S-P ...... 3” heavy duty sludge pusher for 4” lines ..................................................... 48.30
HDD-5S-P ...... 5” heavy duty sludge pusher for 6” lines ..................................................... 57.10
HDD-6 ......... 5 1/4” finishing tool for 6” diameter lines (S shaped tool with double blade)
(HDD6-1 Replacement Blade only 48.00) ........................................................................ 66.30
HDD-8 ......... 7 1/2” “S” shaped finishing tool for 8” diameter lines (HDD8-1 Replacement Blade only $50.15) .......... 70.30
HDD-10 .......... 9 1/2” “S” shaped finishing tool for 6” diameter lines (HDD10-1 Replacement Blade only $57.00) ........ 75.20
HDD-12 ...... 11 1/2” “S” shaped finishing tool for 12” and 14” diameter lines
(HDD12-1 Replacement Blade only $67.50) ........................................................................ 85.80
HDD-6-TH .... 5 1/4” tool with tandem hub (Replacement Blade same as above) .................. 84.40
HDD-8-TH .... 7 1/2” tool with tandem hub (Replacement Blade same as above) ............... 88.20
HDD-10-TH .... 9 1/2” tool with tandem hub (Replacement Blade same as above) .......... 93.70
HDD-12-TH .... 11 1/2” tool with tandem hub (Replacement Blade same as above) ........ 102.30
THCC .............. Connector Cable — For connecting tools in tandem ......................................... 39.00
GT-SET ...... Set of Manhole guide tubes — Prevents cable kinkage in manhole ...................... 148.70
Consists of G6 Upper Tube ............................................................................................. 69.00
G7 Lower Tube ................................................................................................................. 80.40

G8 ................. Guide Tube Jack. Anchors guide tube at top of manhole ................................. 85.20
SC-17 ............... Swivel Cable Puller. For threading cable through pipeline ......................... 157.30
SA-4 ............... Sand Auger. A 4” diameter auger to which a spade type tool can be attached 135.00

CABLE REEL

CR-1A .......... 500 ft. capacity. Complete with cable hold down and reel crank (154 lbs) .................. 810.00

Note: For prices of optional tools, see Model C Electric Eel price sheet.
Note: Always refer to operator’s manual and safety instructions before operating any drain and sewer cleaning equipment.
### Model 800 Hydrostatic Sewer Cleaner

**800K-8 MUN...... Model 800 Complete Kit............................................. $10,750.00**

**Consists of the following:**

- 800-DU............. Model 800 complete with 9 HP, Industrial Plus Engine.
- Hydrostatic Transmission. Heavy Duty Safety Clutch, (4) 4.10-3.50 x 6
- Pneumatic Tires on front and rear wheels (325 lbs) ..................................... 8,690.00

- (25) 8MUN........... 8 ft. Heavy Duty Municipal Dual Cables – 200 ft. ($65.90 ea.) ............. 1,647.50
- (1) SC-18........... Spanner Wrench .......................................................... 7.40
- (1) SC-13........... Feeding Tool ............................................................... 28.50

---

**CABLE**

- 8MUN............. 8 ft. Heavy Duty Municipal Cable ........................................ 65.90

---

**OPTIONAL CLEANING TOOLS AND ACCESSORIES**

*Note: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment.*
### Closet Auger-Hande Drain Cleaner

**Hande Closet Auger**

- CA-3A: 3 ft. Closet auger, complete .......................................................... $50.40

**Replacement Parts for Closet Auger**

- CA-1A: Body with CA-6 rubber protective tubing ........................................ 14.20
- CA-2A: Crank with CA-4 hand knob ............................................................ 15.60
- CA-3: Handle ......................................................................................... 16.85
- CA-4: Hand knob ............................................................................... 0.98
- CA-5: Cable .......................................................................................... 16.50
- CA-6: 5/8" dia. x 7" rubber protective tubing ........................................... 4.10
- SS5161814: Set screw ........................................................................ 0.13
- PN38: 3/8" Push nut ........................................................................... 0.32

**Hande Drain Cleaner**

- Complete
  - HE-1/4E15: 1/4" x 15' .................................................................. 6# 57.80
  - HE-1/4E25: 1/4" x 25' .................................................................. 7# 71.30
  - HE-1/4E35: 1/4" x 35' .................................................................. 8# 84.80
  - HE-5/16E25: 5/16" x 25' ............................................................. 8# 72.60
  - HE-5/16E35: 5/16" x 35' ............................................................. 9# 87.10

**Replacement Cables**

- 1/4E15: 1/4" x 15' ...................................................................... 3# Expanded end cable 20.50
- 1/4E25: 1/4" x 25' ...................................................................... 4# Expanded end cable 34.00
- 1/4E35: 1/4" x 35' ...................................................................... 5# Expanded end cable 47.50
- 1/4E50: 1/4" x 50' ...................................................................... 6# Expanded end cable 68.20
- 5/16E25: 5/16" x 25' ............................................................. 4# Expanded end cable 35.30
- 5/16E35: 5/16" x 35' ............................................................. 5# Expanded end cable 49.80
- 5/16E50: 5/16" x 50' Will not fit in Hande drum. Expanded end cable 71.20

**Hande Drum Cleaner Only**

- HE-C: Container .................................................................................. 37.30

**Miscellaneous Parts**

- TS38: 3/8" Thumb screw .................................................................. 4.65
- HE-10: Hande knob ........................................................................... 3.20
- HE-11: Rivet ......................................................................................... 3.55
- WA516S: 5/16" flat washer (4 per) .......................................................... 0.14
- PN14: 1/4" Push nut ........................................................................... 0.26
- RH-2: Replacement head — Screws on 5/16" right wound cable 5.20
- LH-2: Replacement head — Screws on 5/16" EIC cable 5.50
- DH-3: 5/16" Adapter — Solders on 5/16" cable for attaching DH series drop head tools 5.65

See Model S price list for drop head tool.

### Flat Steel Sewer Tapes & Holders

(Spear Point and Roller Balls are riveted onto Rods)

- 1/2FST50: 1/2" x 1/16" x 50' with 3/4" Diameter split roller on one end and 1" diameter spear point on other. Shipping weight 10 lbs. .................. $64.70
- 1/2FST100: 1/2" x 1/16" x 100' with 3/4" Diameter split roller on one end and 1" diameter spear point on other. Shipping weight 15 lbs. ........ 107.70
- 3/4FST50: 3/4" x 1/8" x 50' with 1 1/4" Diameter split roller on one end and 1" diameter spear point on other. Shipping weight 20 lbs. ........ 137.30
- 3/4FST100: 3/4" x 1/8" x 100' with 1 1/4" Diameter split roller on one end and 1" diameter spear point on other. Shipping weight 38 lbs. ......... 256.30

*Above prices include cross frame and grip handle.*

Note: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment.

**Note:** Always refer to operator’s manual and safety instructions before operating any drain and sewer cleaning equipment.
Pipeline Inspection Systems

CALL for Prices

CAM pro & pro (3”–10” Lines)

Standard Features and Specifications include:

Camera
- Rugged stainless steel housed 1.68” dia. self-leveling color camera with sapphire lens, 20 LED light ring and high resolution CCD element
- Flexible camera spring designed to navigate 3” P-traps
- Auto iris adjusts lighting automatically
- Impact-resistant polycarbonate light ring cover
- Industry standard 512HZ sonde

Reel & Frame
- Standard with 200 ft. of Kevlar braided ½” diameter push rod
  (reel capacity available up to 400 ft.)
- Secure-locking reel brake
- Rugged powder-coated steel tube and bar construction
- 8” wheels for easy maneuverability

Pro Monitor
- Detachable 8.4” LCD monitor with AR film for optimal viewing in sunlight; housed in a weather-proof hard case
- Protective acrylic, anti-glare monitor shield
- One-touch recording to a built-in 320GB hard drive or a USB flash drive
- 8X zoom record for detailed close-ups
- Easy navigation menu and transfer of MPEG recording files to your personal computer/ laptop with USB ports
- 2 hour NiMH battery with built-in charger and power display (3 hour charge time with unit off)
- On screen footage counter
- Voice over recording capability, 16 pages of text writing

Pro 2 Monitor
- Audio/Video out jacks
- 10.4” Daylight readable display
- Record directly to USB flash drive
- Click touch controls and one touch recording
- 16 Pages of text writing with memory saves
- On screen footage counter
- Adjustable light controls
- Voice over recording (built-in)
- Rename files on flash drive after recorded
- 512 Hz sonde
- 2 Hour battery with built-in charger
- 8X Zoom function

Note: Always refer to operator’s manual and safety instructions before operating any drain and sewer cleaning equipment, and pipeline inspection systems.
Pipeline Inspection Systems

**CAM ace (3”–10” Lines)**

Standard Features and Specifications include:

**Camera**
- Rugged stainless steel housed 1.68” dia. color camera with sapphire lens, 20 LED light ring and high resolution CCD element (optional self-leveling color camera available)
- Flexible camera spring designed to navigate 3” P-traps
- Auto iris adjusts lighting automatically
- Impact-resistant polycarbonate light ring cover
- Industry standard 512Hz sonde
- Camera option: .875” dia. color camera for inspecting 1½” to 3” lines; negotiates 2” plastic P-traps and 1½” 90° bends

**Monitor**
- 5.4” LCD monitor with AR film for optimal viewing in sunlight encased in an anodized aluminum housing mounted to the reel
- Protective acrylic, anti-glare monitor shield
- Video output jack for recording option

**Reel & Frame**
- Rugged and portable powder-coated steel frame
- Standard with 200 ft. of Kevlar braided ½” diameter push rod
- Secure-locking reel brake

**LF2000 Digital Receiver**
Locates 512Hz sondes in cast iron and non-metallic lines

**LF2200 Digital Receiver**
Line finder for use with Buzz Box and multiple frequency sondes

**XT-512 Locator**
Locates and determines the depth of your pipe inspection camera

Note: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment and pipeline inspection systems.
Model C (3’-10’ lines up to 200’)  
• Direct cable drive off front of machine allows 500 RPM cable rotation (twice that of drum machines) and distances over 200’
• Enclosed 1/2 H.P. capacitor motor with custom-built gear mechanism gives you longer life and plenty of drain and sewer cleaning power
• Weights only 75 lbs. for easy handling and transporting
• Folding handle makes for compact storage and allows use in crawl spaces
• Unique carry handle for balance and easy handling
• Adjustable clutch protects machine and cable from overload in tough stoppages and gives operator more power at the turn of a screw

Model D-5 (3’-10’ lines up to 100’)  
• High density polyethylene drum and belt guard will not rust or dent
• 3 sealed heavy-duty ball bearings, support for drum and thick wall guide tube for extended wear
• Large 10” solid wheels for stabilization of unit while in operation
• Heavy-duty, 1/2 H.P. capacitor type motor produces more torque and plenty of power
• 5 position height adjustment on handle
• Continuous belt skids and wheel on handle for safe and easy loading
• Quick remove continuous cable feeder and drum

Model Z5-P-AF (11/4”-3’ lines up to 100’)  
• 2-Way auto cable feed advances and retrieves cable with the push of a lever (manual cable feed also available)
• Cable guide spring keeps hands off rotating cable for added safety and better handling
• Runs up to 100’ of ½” diameter cable
• Built-in drum shaft slip clutch
• Rugged 1/3 H.P. motor
• Wheel brake stabilizes unit while in operation
• Unique inner drum eliminates cable tangling in drum
• 20 ft. power cord with GFCI

Model E (11/4”-3’ lines up to 75’)  
• Built-in drum shaft slip clutch
• Unique inner drum design eliminates cable buckling
• Rear bar to shield motor and allow for two position operation
• Epoxy powder coated drum helps deter corrosion
• Rugged 1/3 H.P. motor
• Heavy-duty steel tubular frame
• Built-in GFCI on a 20’ line cord protects operator from electrical shock. Cord wraps for easier transport
• Runs up to 75’ of ½” or 1/2” diameter certified music wire cable with genuine galvanized aircraft wire inner core

Model N (11/4”-3’ lines up to 100’)  
• Runs up to 75’ of self-feeding Dualmatic cable in low-maintenance 5” sections
• Rugged 1/3 H.P. motor with built-in safety clutch
• Cast aluminum inner drum and cable guide to eliminate tangling in the drum
• Drum removes quickly and easily
• Convenient foot operating switch
• Built-in GFCI on a 20’ line cord protects operator from electrical shock
• Optional 2-wheel cart for easy transport

Model CT (3/4”-21/2” lines up to 50’)  
• Unique variable speed motor control gives operator maximum cable control and exceptional cleaning power from 75 to 350 RPM with constant torque
• Powerful and quiet 1/3 HP, 90 Volt DC motor
• Standard unit features a hand tighten Jacobs Chuck. Also available with a 2-way auto cable feed that keeps hands off rotating cable as it advances and retrieves cable with the push of a lever
• Cable guide hose eliminates cable whipping and helps keep work area clean
• Stainless steel cable drum will not rust, resists denting
• Two position vertical upright or horizontal operation
• Built-in GFCI on 20’ line cord protects operator from electrical shock
• Runs 1/4”, 5/16”, and 3/8” cable

Model 325 (4”-14” lines up to 500’)  
• Direct drive of self-feeding cable
• Rugged steel base and heavy-duty clutch withstand rough use
• Pneumatic roller bearing wheels maneuver over all types of terrain
• Conveniently located foot-operated automotive clutch pedal
• Removable handle and retractable gear shift allow compact storage
• 6.5 H.P., 4-cycle IC Briggs and Stratton engine with recoil starter
• A 3-speed/reverse transmission with automotive type Rockford clutch
• Contractor and municipal use

Model 800 (4”-24” lines up to 650’)  
• Infinitely variable drive speed system
• 8 H.P. gas or 9 H.P. diesel engine
• Runs up to 650’
• Hydrostatic transmission
• Safety clutch for cable overload protection
• Uses 8” heavy-duty municipal dual cable
• Removable handle for compact storage and transport
• High pressure hose rated up to 3000 PSI
• Ideal for contractors and municipalities
• Optional cable reel
• Wide variety of cleaning tools available
• 10” pneumatic tires for easy maneuverability
• Portable and powerful
• Contractor and municipal use

Model S (11/4”-21/2” lines up to 35’)  
• Commercial grade 1/2” heavy-duty drill
• Double insulated drill for shock protection
• Compact and lightweight
• Lightweight stainless steel cable drum won’t rust, break or crack
• Cast aluminum hand guard is designed for safety and ease-of-use
• Hand-tighten cable chuck
• Expanded end or drop head cable in 15’, 25’, 35’ lengths

Model K (11/4”-3” lines up to 100’)  
• Easy to use hand operation
• Runs up to 100’
• Powder coated steel cable cage rotates freely
• Self-aligning bearings
• Thumb screw locks cable at front of cage
• Comes with 1/2” diameter monowire cable or 1/2” aircraft wire reinforced inner core cable
